

2.5W G9 LED

Available in a Choice of Colour Temperatures

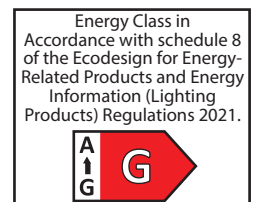

Ideal Replacement for Halogen G9 Capsule Lamps

A high efficiency LED replacement for halogen G9 capsule lamps. The G9 2.5W has a moulded shell which is similar in appearance to halogen G9 lamps, and is frosted to give a soft light output.

- 240V
- Fits standard G9 fittings
- Excellent energy savings
- 2.5w = 25w halogen
- 15,000 hour average life
- Expected payback time at 8 hours use per day = <6 months

Cost Saving Calculations		
	2.5w LED	25w Halogen
Annual running cost based on 8 hours per day usage	£1.64	£16.35
Saving per year based on 28p per k/ph	£14.71	-

Product Code	Power (w)	Lumens	Colour Temperature	Dimensions
