

NOVA-LINE-SM LED Mounting Profile

Description

Introducing the NOVA-LINE-SM surface mounting profile system. The NOVA-LINE-SM is specifically designed for the Domus range of LED strip lighting. This aluminium mounting profile system incorporated extruded profile complete with a flat opal PMMA diffuser. The key features of the NOVA-LINE-SM is the ability to not only conceal the LED strip lighting but also keep the strip lighting linear. Also, the NOVA-LINE-SM keeps LEDs free from foreign objects and vapours which may damage the LEDs. A simple and shallow yet very contemporary LED surface mounted profile ideally suited to under bench mounting, pelmets, wardrobes or laundry applications.
