

Step Lite Solid Eyelid Square

Cat. No. SLssq

Cat. No. SLsflsq

The Square Solid Eyelid Step Lite has an 88mm x 88mm (3½" x 3½") flange. It has a smooth machine finish without mounting holes to disrupt the elegant line of the fitting and is designed to fit into a mounting canister. The eyelid masks two thirds of the lamp which eliminates all upward light.

A 240 volt fluorescent option is available which offers excellent light output, low energy usage and very low heat generation, this changes the luminaire to an IP66 rating.
