

Leafy Sea Dragon

Pendant

The Leafy Sea Dragon is a very exotic animal living on the Southern coast of Australia, very poetic and full of whimsy, even a little baroque to my way of thinking.

This sensuous luminaire uses 14 LED dimmable globes each housed in the optically clear nodes that fit to the body. Entirely made by hand in my Melbourne studio. Each can be coloured with pigments to create a very subtle satin smooth surface.

One can play with the suspension to create gentle or dramatic angles to empower the space it inhabits.

Dimensions

1105mm L x 430mm W x 430mm high

Materials

Forton, optically clear rubber

Light specifications

14 x 2.5W G9 dimmable globes

Standard length of drop is 1.5 metres long, if longer length is required, please contact us.
