- 

Add subtle elegance to any space thanks to the Kute DC ceiling fan's small motor housing and elegant blade shape. Available in 5 different finishes, it includes a remote control and has an optional LED light kit available.
- 

Kute by name and cute by design, the Kute ceiling fan has been carefully crafted with a tiny motor housing—only 14cm at its widest point and tapering down to 11cm—for a stunningly subtle and discreet design.
- 

Long-lasting & weather-resistant polymer blades are durable, easy to clean as well as being safer and quieter than metal blades.
- 

High performance DC motor takes energy efficiency to the extreme, using only 26W on high and as little as 3W on low so you stay cool for less.
- 

Enjoy whisper-quiet cooling, thanks to the combination of a silent DC motor and premium polymer blades, available in 44" and 52" sizes for small to medium spaces.
- 

Perfect for both Indoor & Outdoors¹ so you can maintain your decor style from your bedroom to your living room through to your alfresco dining area.

¹ Satin Brass finish is recommended for indoor use only
