

Vibe 275W ES Clear R125 Infrared Reflector

VB9275C

Our 275W, ES (Edison Screw), Infrared R125 Reflector Heat Lamps are specifically designed to project their energy in the form of heat to whatever direction they're facing. This makes them highly comforting for use in bathrooms where you can begin soaking in the heat at the flick of a switch. Also useful in 'food warming' areas in cafes & restaurants.

Features & Benefits

- The Vibe 275W Infrared Heat Lamp is available in standard clear glass type and also with a protective “shatterproof” coating (VB9275SP) which will contain the glass within the Lamp and not allow it to spill out and contaminate food etc.
- The Infrared Heat Lamp provides a comfortable warmth and is ideal for use in bathrooms and also in “food warming” areas in cafés and restaurants.
- Reflector shape allows concentrated heat to be applied where it is needed
